
Little Girl Tea Party Menu

I am having a tea party for my goddaughter, 6 little girls all 8 to 10 years old. Other than tea, petit fours and scones, should I serve something else?

I would serve little finger sandwiches also. They are petite size and would help in reducing all the sugar consumption the girls are sure to partake of.:P

How about fresh strawberries and purple grapes? They both have pretty colors plus most kids enjoy these fruits.
